REPORT
OF
Superintending School Committee
OF
DISTRICT NO. 1, FOR YEAR ENDING
MARCH 1, 1896.

The teachers in this district during the past year have been as follows:

Primary school, Miss J. Mae Lord; Intermediate school, Miss Nellie F. Lord; Grammar school, Mrs. Sarah F. G. Nowell; (substitute, Mrs. Nellie B. Hodsdon); High school, Summer term, Mr. A. L. Burnham; Fall and Winter terms, Mr. Everett A. Pugsley.

Mrs. Nowell has been absent from her post since early in January, and her place has been filled by Mrs. Nellie B. Hodsdon of Somersworth. Mrs. Hodsdon is thoroughly interested in her scholars, is doing excellent work, and is giving general satisfaction. The same may be said of Mr. Pugsley, the new teacher in the High school. Mr. Pugsley is a thorough scholar, and is very popular with pupils and parents alike. Of the other teachers nothing need be said except that they continue to do their work as faithfully and as acceptably as they have done it heretofore.

The attendance in the Intermediate and Grammar schools has been about the same as it was last year, while in the Primary school it has been slightly less.

In the High school there was the usual falling off in numbers during the Summer term, but during the Fall and Winter terms the attendance has been larger than for several years past, partly because of scholars received from outside of the district.

During the Fall term there was much trouble from truancy, especially in the High school. The foot-ball fiend was abroad, and many of the scholars wanted to be with him. It is hoped and believed that serious trouble from this cause will not occur again. All the teachers, however, complain of irregularity in attendance on the part of many pupils, for which parents are mostly at fault. Such irregularity is an injury, not only to the pupil in question, but to the whole school, and it is very discouraging to the teacher. It is hoped that parents will be more careful about this matter in future. Let each and every parent do his best to have every pupil present through the whole of every session. Let every pupil also strive for the same end. By all means let no pupil be absent from examinations.

For the highest success in this work of common school education, in which all are so much interested individually, and in which society as a whole is so much interested, parents and pupils and teachers must work together.

Respectfully,

C. O. NASON,

A. A. MURCH,

E. A. STEVENS.

REPORT
OF THE
School Board of the Town of Rollinsford
FOR THE YEAR 1895-96.

The School Board of the Town of Rollinsford respectfully present the following report:

The teachers who have been employed to instruct our school the past year are Miss Celia Y. Ramsdell of South Berwick, Me., the Quamphegan school; Mrs. Etta W. Goodwin of this town, the Sullivan school; Miss Gertrude G. Garvin of this town, the first term of the Rollins school, Mr. Albert E. Grant of North Berwick, Me., the second term and Mr. Lorenzo E. Baer of this town the third term; Miss Georgia E. Twombly of Madbury the Turnpike school.

These teachers have labored faithfully and earnestly in their schools and we have seen good results; there seems to be a good share of interest in all the schools, and the teachers and pupils appear to work together harmoniously.

There has been quite a considerable sickness among the children and several families have moved away; these things have caused a lower rate of daily attendance than we should like to see.

We wish to impress upon the parents the importance of a regular attendance of their children at school. This is absolutely necessary to make our schools a success.

We would also suggest that the parents visit the schools often and in this way encourage both teachers and pupils in their work.

ELLA E. PLUMER,
EUNICE H. CLARKE,
ANNIE W. BAER.

MR. EDGAR A. HERBERT

Champion Long Distance Rider, Mounted on his

-STEARNS BICYCLE.-

SEE WHAT MR. HERBERT HAS TO SAY ABOUT THE STEARNS
BICYCLE.

Dover, Feb. 26, '96.
Mr. C. E. Hodsdon—Dear Sir: The Stearns Bicycle, Model A, which I purchased of you last April, has proved a most satisfactory machine in every way I have ridden the wheel over some of the roughest roads in these parts, showing it no favors whatever. I have covered some over 5,800 miles, and the bearings, in all appearance, are as perfect as when I started. I believe the Stearns Bicycle is one of the best manufactured and will stand as much rough riding as any wheel made of equal weight. The Stearns will be my mount for '96 and I cheerfully recommend it to any one in want of a strictly high grade bicycle.

Very truly yours,

EDGAR A. HERBERT.

The above letter is, in our opinion, one of the strongest testimonials that could be given for the Stearns Bicycle. Mr. Herbert is a practical electrician, and a man capable of judging the superior quality of any bicycle. The leading professionals and the most experienced amateurs also stand ready to testify to the high merits of the Yellow Fellow. See our samples before placing your orders.

C. E. HODSDON, DOVER.
